

AMENDED IN SENATE JULY 2, 2012

AMENDED IN SENATE MAY 1, 2012

CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 1427

Introduced by Assembly Member Solorio

March 22, 2011

An act to amend Section 114099.6 of the Health and Safety Code, relating to food.

LEGISLATIVE COUNSEL'S DIGEST

AB 1427, as amended, Solorio. Food facilities:—~~Sanitization.~~
sanitization.

Existing law, the California Retail Food Code, requires all food facilities in which food is prepared, or in which multiservice utensils and equipment are used, to provide manual methods to effectively clean and sanitize utensils, as specified. Existing law requires manual sanitization to be accomplished in a number of prescribed ways, including the application of sanitizing chemicals by immersion, manual swabbing, or brushing, using specified solutions. The law requires the State Department of Public Health to implement and administer those provisions, and delegates primary enforcement duties to local health agencies. A violation of these provisions is a misdemeanor.

This bill would authorize manual sanitization to be accomplished by immersion, manual swabbing, or brushing, using a ~~solution of 0.5 ppm ozone for at least 30 seconds~~ *chemical sanitizer that meets specified requirements, including compliance with specified federal laws and regulations*. By increasing the duties of local officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 114099.6 of the Health and Safety Code
